Søren Wandahl

Ingeniørdocent, ph.d., civilingeniør

Jeg er ingeniørdocent ved Aarhus Universitet, Institut for Ingeniørvidenskab. Her er jeg leder af forskningsgruppen for Construction Management, og PI på en række forskningsprojekter, bl.a. GREEN-TRACK, Byggeledelse 2.0, og ReVALUE. Jeg sidder i akademisk råd, og i instituttets forskningsudvalg. Jeg har tidligere været sektionsleder i 6 år, hvor jeg var med til at opbygge vores sektion fra ca. 20 ansatte til 54 ansatte. I den periode havde jeg det daglige ledelsesansvar, ansvar for budgetter, og var primus motor på strategiudvikling og implementering. I tillæg har jeg været overordnet ansvarlig for udviklingen og implementering af en ny bacheloruddannelse i Byggeri, startende sommeren 2019. Forskningsmæssigt fokuserer jeg på Construction Management, som er et centralt fagområde inden for bygningsingeniørrområdet. Her er jeg nationalt og internationalt anerkendt for mit arbejde med produktivitetsforbedringer og lean construction, hvilket også er det område jeg primært har skaffet forskningsfinansiering inden for

Nuværende ansættelsesforhold

Ingeniørdocent ved Institut for Ingeniørvidenskab, Aarhus Universitet.

Personlige oplysninger

Født i 1978, gift med Annette Wandahl, Sekretariatsleder ved iNANO, Aarhus Universitet. Har to sønner, Sebastian (født 2008) og Frederik (født 2011). I min fritid dyrker jeg bueskydning, nyder at bruge og istandsætte vores sommerhus, samt elsker at være ude i den vilde natur med vores brune labrador, Mitcho.

Nøglekompetencer

Forskning: Overordnet set forsker jeg i Construction Management. Mere specifikt fokuserer jeg på lean construction som måde at opnå effektive og produktive produktionssystemer i byggeriet på. Ydermere har jeg en interesse i brugerinddragelse, værdiledelse, innovation og integrerede projekter.

Ledelse: Som leder er jeg rolig, metodisk og tilgængelig, og samtidig ledende og 'to the point'. Jeg er grundig, lyttende og inddragende i mine processer. Jeg leder ved at kridte banen op, forventningsafstemme, og uddelegere ansvar, og lader mine kollegaer selv finde løsninger ved hjælp af min facilitering.

Organisatoriske: Jeg tror på at aktiv deltagelse er gensidigt givende. Jeg kan derfor lide at initiere og deltage i aktiviteter der skaber værdi for flere end mig selv. Jeg er god til at orientere mig og navigere i en politisk styret organisation og er stærk til at opbygge og følge processer.

Personlige: Andre vil beskrive mig som positiv, tolerant og med humor. Jeg bliver sjældent sur eller skuffet, og er generelt en optimist med et positivt livssyn, dvs. mit glas er altid halvt fuldt og ikke halvt tomt.
