

Marianne Lisby

Current position

Current position: Associate professor & Research Director of Research Center for Emergency Medicine (RECEM)

Education

- Ph.D. Medicine, Aarhus University (AU), Faculty of Health Science, 2010
- Master of Health Science, AU, Faculty of Health Science, 2003
- Registered Nurse, School of Nursing, Aarhus Community Hospital, 1989

Employment

- Research director, (RECEM) (03-2022-)
- Associate Professor, Institute of Clinical Medicine, Aarhus University (AU) and RECEM, AUH (06 2016-)
- Postdoc. Institute of Clinical Medicine, AU and RECEM (2013-15)
- Clinical Nurse Specialist, Emergency Department, AUH (2010–12; 2015-2022)
- Risk Manager, Department of Quality Improvement & Patient Safety, Aarhus Sygehus (2004-06)
- Registered Nurse, Emergency Department & Intensive Care Units (1989 - 99)

Academic awards (selected)

- Main supervisor for Mia Blaabjerg, who was awarded "The Best Clinical Trial in Denmark", in the category "Patient focus" (2022)

Management experience

- **Research Director**, RECEM, consisting of around 20 researchers /students
- **Co-director**: Research Network, *Design-EM (Emergency Medicine)*- a collaboration between RECEM and Interdisciplinary Center for Organizational Architecture, Business and Social Sciences, AU (04 2022-)
- **PI international project** (Italy and RECEM), "Resilient and safe hospitals: what can we learn from Covid-19?" (08 2022-)
- **Research Director**: Research program for Allied Health Professionals "The Acute Care Patient" AUH (2016-2021)

Scientific focus areas

- **Patient safety** with a particular focus on emergency departments. The areas cover medication safety, readmissions, clinical deterioration, situation awareness, and interventions to improve patient safety, e.g., Nurse-led discharge intervention, Development of an algorithm for medication errors (MERIS)

International collaboration

- International collaboration of Nursing Essentials in Emergency Departments (NEEDs) focusing safe nursing care. Collaborators are researchers from **Sweden** (Katarina Göransson), **Ireland** (Jonathan Drennan), **Australia** (Kate Curtis & Julie Considine) and **Denmark** (2023-)
- Nordic collaboration on Missed Nursing Care with researchers from **Iceland, Norway, Sweden and Denmark** (2021-)

- Interdisciplinary collaboration with senior researchers from **Luiss University Rome & Pescara University, Abruzzo**, Italy and Design EM, Denmark.
- **Brigham & Women's Hospital, Harvard Medical School**, Boston, USA. Collaboration on patient safety with **Professor DW. Bates**, patient experience with **Assistant professor Ronen Rozenblum**, machine learning **Professor Li Zhou**, and preventable admission with **Professor, P. Dykes** (co-supervisor for PhD student, Trine W Thøgersen). Collaboration ongoing since a 6 months scholarship in 2008

Supervision & teaching

Main supervisor:

- PhD, Trine W Thøgersen. Preventable acute hospital admissions (2020-2025)
- PhD, Nanna F. Skov, Visible and invisible nursing in emergency departments (2025-)
- Pre-PhD, Sara Viskum Leth, Optimizing Healthcare Access for Individuals with Mental Disorders in the Somatic Care System (2025-)

Mentor:

- Postdoc, Claus Sixtus Jensen, Individual Paediatric Early Warning System (I-PEWS) (2019-2023)

Master thesis (Medicine and Master of Health Sciences) > 25

Co-supervisor: 7 PhD projects (medication safety, alcohol, clinical deterioration, and marginalized patients)

Teaching (selected): Course leader, elective course, Patient Safety (5 ETCS), Aarhus University (2022-)

Scientific appointments (selected)

- The National Council for Patient Safety, The Danish Patient Safety Authority & The Danish Society for Patient Safety. Appointed by Danish Universities (2022-)
- Scientific assessment committee, CROSS-TRACKS (2020-)
- Medication without Harm (OECD goal). The Danish Patient Safety Authority & The Danish Society for Patient Safety. Member of Expert Group (2017-2022)
- National Genome Center, Research and Infrastructure committee. (2019-2021)

Other scientific qualifications:

- **Academic assessments** (n): PhD thesis (6); PhD protocols (4); Academic positions: Associate professor (4). Assistant professor (1)
- **Peer-reviewer:** 13 different peer-reviewed journals (2008-)
- **Editorial Board:** Journal of Patient Safety (2023-)
- **Grants:** ~12.4 Mio DKK from 12 research foundations (main and co-applicant)

Publications

H-index: Scopus: 15; ResearchGate: 17

Citations: Scopus: 1,272 ResearchGate: 1,664

Peer-reviewed publications: 64, hereof 1. author (7), last author (16)

1. quartile journals: 52%; **Top 10 journals:** 17%

Non-peer reviewed: 4

Books: 1; **Book chapters:** 4
