

Curriculum vitae Henrik A. Kolstad

ORCID 0000-0002-6535-4323, born 5 June 1956

Education

1999 Authorization as specialist in occupational medicine
 1995 Ph.D., University of Aarhus
 1985 M.D., University of Aarhus

Current and most recent employment

2011-present Clinical professor in occupational medicine, Institute of Clinical Medicine
 1999-present Consultant, Department of Occupational Medicine, Aarhus University Hospital

Management experience, including project management and leading research projects

2024-present Executive Board and Scientific Board member, Intercambio Horizon Europe project
 2020-present PI, Styrene exposure and risk of lymphohematopoietic malignancies in a European-American cohort of reinforced plastics workers
 2011-present Head of Danish Ramazzini Center – a research center within occupational and environmental medicine

Scientific focus areas

My main interest is occupational and environmental epidemiology with focus on establishing quantitative exposure response relations. I combine exposure measurements, biological material and clinical data collected during field with register linkage studies of the total working population.

International relations

Much of my current research is embedded within the Intercambio and EPHOR Horizon Europe funded projects. I have close collaboration with the International Agency for Research on Cancer in Lyon; School of Public Health, University of Berkeley; Institute of Risk Assessment, University of Utrecht; and Division of Occupational and Environmental Medicine, Lund University.

Supervision of PhD students

Main supervisor for 15 PhD students, 1 currently.

Other scientific qualifications

Publications

According to Web of Science, 233 publications, 6,016 citations without self-citations and a H-index of 42

External funding 2017-2024

Total 19,055,740 DKK mainly from the Danish Work Environment Fund. 780.328,75 € out of a total grant of 3.948.728 € from Horizon Europe

Present editorial and advisory boards, evaluation of research

2022-present Scientific Advisory Board member of the LIFECON Life course and economic implications of demographic change, University of Helsinki
 2022-present External Advisory Board member for the Belgian Occupational Cancer Database, KU Leuven
 2019-present Associate editor of Scandinavian Journal of Work Environment and Health
 2011-present Evaluation of 15 PhD dissertations at Aarhus University, Copenhagen University, University of Southern Denmark, University of Bergen, University of Oslo, University of Helsinki.
 2010-present 8 full professor and associate professor evaluations at Aarhus University, University of Bergen, Göteborg University, Uppsala University, Karolinska Institutet, School of Public Health, University of Berkeley, Danish Cancer Institute.

Teaching

1999-present Course leader and teacher in pre- and postgraduate courses for, e.g., medical and public health students, PhD students, and physicians in specialist training for occupational medicine. Topics: occupational epidemiology, occupational medicine, exposure science
