

Ole Graumann

MD, PhD · Chair Professor of Radiology
Aarhus University & Aarhus University Hospital
ORCID 0000-0002-9663-8361

PROFILE

I am a professor, radiologist and leader who leads people, not titles. I am driven by transformation – spotting and growing talent, working across disciplines, and showing that better medicine and smarter health economics go hand in hand. My work spans clinical practice, research and education in cancer imaging, interventional oncology and cryoablation, AI, clinical ultrasound and skills training – always with the best patient care as the goal.

APPOINTMENTS

2023–	Chair Professor of Radiology and Head of Radiological Research, Aarhus University
2023–	Chief Consultant, Department of Radiology, Aarhus University Hospital; responsible for radiological development in the Central Denmark Region
2022–2025	Professor of Radiology, University of Southern Denmark
2019–2023	Associate Professor of Radiology, University of Southern Denmark
2017–2019	Head, Innovation Unit of Radiology, Odense University Hospital
2016–2019	Head, Uroradiology Section, Odense University Hospital
2014–2023	Senior Consultant in Radiology, Aarhus and Odense University Hospitals

EDUCATION

2013	PhD, University of Southern Denmark
2004	MD, Aarhus University

RESEARCH

- Interventional oncology – image-guided cryoablation of renal tumours; partner in the European EuRECA registry
- Uroradiology – renal cancer, renal cyst characterisation and imaging-based surveillance
- Artificial intelligence in radiology – breast cancer screening and stroke imaging
- Clinical ultrasound, ultra-low-dose CT and diagnostic accuracy in acute care
- Medical education – simulation, virtual reality and competency-based skills training
- Leader of the AURA research group, Aarhus University

RESEARCH OUTPUT AND FUNDING

150+ peer-reviewed publications, many as first or senior author. More than DKK 20 million in competitive funding since 2022, including grants from Innovation Fund Denmark, the Danish Cancer Society and Sygesikring Danmark.

SUPERVISION AND TEACHING

Supervisor for 20+ PhD students and mentor for senior researchers and postdocs, from medicine, radiography, nursing and anthropology. 1,500+ lectures for physicians, medical students and radiographers, with extensive experience in simulation, VR training, OSAUS assessment and e-learning.

EDITORIAL AND SOCIETY ROLES

- Editorial roles at Acta Radiologica and Ugeskrift for Læger
- President, Danish Uroradiological Society (DURS)
- Fellow and board member of working groups in the European Society of Urogenital Radiology (ESUR)
- Past President, Danish Society of Medical Ultrasound

SELECTED AWARDS

2026	Silver Medal, Swedish Society of Radiology
2020	Best Teacher, University of Southern Denmark
2018	Honorary Lecture, ESUR Congress
2017	Best Scientific Presentation, ESUR Congress
2016	Carl Krebs Honorary Scholarship

BOOKS

- *Basal Radiologi*. FADL's Forlag, 2024
- *Basal Klinisk Ultralydsdiagnostik*. Munksgaard, 2017
- Chapters in *Thoracic Ultrasound* (ERS Monograph), European Respiratory Society, 2018
